

EGTEI

TOWARDS MORE COMMUNICATION AND TRANSPARENCY

Carole.ory@edf.fr

Step 1 : Building EGTEI

- ◆ A large spectrum of activity sectors
- ◆ Techno-economic country specific data
- ◆ A dedicated methodology for collecting information
- ◆ A procedure for endorsement before incorporation into RAINS

A significant amount of work has been accomplished since the inception of EGTEI

Step 2 : Promoting EGTEI

- ◆ To improve quality data in the scope of the revision of the Gothenburg Protocol and the NECD
- ◆ To encourage wider participation :
 - Increasing understanding
 - Simplifying the procedures
 - Better sharing of information

New tools to create a forum for the exchange of information

Information tools guidelines

- ◆ To increase visibility
 - On EGTEI activity
 - On the data usefulness
- ◆ To inform on the state of progress
 - Key information
 - Updated information
- ◆ To offer technical support
